

A close-up photograph of a lupine plant. The image shows several green, palmately compound leaves with multiple leaflets. A central flower spike rises from the foliage, bearing a series of small, bell-shaped flowers in shades of pink and purple. Other flower spikes are visible in the background, some in different stages of bloom. The background is a soft-focus green, suggesting a garden or field setting.

Exodus 10:02 And that thou mayest
tell in the ears of thy son, and of
thy son's son, what things I have
wrought in Egypt, and my signs
which I have done among them;
that ye may know how that I am
the LORD.
