

A close-up photograph of several purple hydrangea flowers. The petals are a deep, vibrant purple with some lighter, almost white, variegation on some of the inner petals. The flowers are in various stages of bloom, with some showing the central green stamens. The background is a soft, out-of-focus green, suggesting foliage.

Matthew 03:04 And the same John
had his raiment of camel's hair,
and a leathern girdle about his
loins; and his meat was locusts
and wild honey.
